india PAVILION

at

INTERPHEX

21 - 23 March 2017
Javits Center, New York City, USA

Federation of Indian Chambers of Commerce and Industry (FICCI) jointly with Ministry of Commerce & Industry, Government of India is organizing India Pavilion in INTERPHEX which is scheduled to be held from 21st to 23rd March 2017 at Javits Center, New York City, USA. The main objective of the proposed India Pavilion is to increase market access for Indian Pharmaceutical companies in US Market and learn best practices on biotech innovations that are helping to solve some of the biggest global challenges, including fighting disease and improving health, feeding growing populations and meeting the increased world demand for energy.

INTERPHEX (International Pharmaceutical Expo), sponsored by PDA (Parenteral Drug Association), is the single source for complete biopharmaceutical

manufacturing solutions to safely and cost effectively process all dosage forms for life-enhancing drugs. For 38 years, INTERPHEX is the premier pharmaceutical, biotechnology and medical device development and manufacturing event where you can “Experience Science through Commercialization”. It offers unique combination of exhibition, education, workshops, partnering opportunities, and networking events. It is the only meeting place where Knowledge, Innovation and Technologies intersect with the full spectrum of cutting-edge development and manufacturing services and equipment to create innovative solutions to reduce cost, improve manufacturing and supply chain performance for pharmaceutical, biologics, contract, generic and service provider professionals.

KEY HIGHLIGHTS of INTERPHEX 2017

- INTERPHEX brings over 10,500 global industry professionals and 625+ suppliers together
- Attendees and Exhibitors from 48 states and 52 countries will experience the latest in technology and leading edge technical conference
- Pharmaceutical Industry leaders and subject matter experts from more than 48 countries offering the opportunity to share their extensive knowledge of cutting-edge technologies
- Direct access to the largest, most innovative biologics and pharmaceutical manufacturers
- Educational Sessions and Technical Case Studies presented by PDA and Leading Industry Experts
- New Technologies Applications and Demonstrations
- Peer to Peer Sharing and Networking Opportunities

EXHIBITOR PROFILE

- Packaging, labeling & coding equipment
- Warehouse management/Materials handling
- Medical device
- Pharma manufacturing and processing technology
- Bioprocess pharmaceutical systems & services
- Instruments/Controls
- Clean room equipment & supplies
- Process automation, controls & monitoring
- Laboratory instrumentation, quality assurance & control
- Raw materials/APIs
- Facility design, engineering & construction
- Compounding
- Raw Materials
- Separation/Purification
